

Compulsive Eaters Anonymous – H.O.W Los Angeles Intergroup

“To help spread the message that there is recovery from Compulsive Eating.”

The 7th Tradition-

Support the Fellowship- Make a Donation.

The 7th Tradition - Every CEA-HOW group ought to be fully self-supporting, declining outside contributions.

OPPORTUNITY TO SHOW GRATITUDE! It is always an opportune time to count our blessings and to acknowledge the many gifts that the CEA-HOW program has given to us by making a donation to the fellowship.

Your donation supports CEA-HOW by carrying the message of recovery. Your generosity is appreciated by compulsive eaters in and out of the CEA-HOW rooms. Your donations support all members of the Fellowship: you are providing the resources to carry the message of hope to those individuals struggling with our disease, you are supporting your fellows who have found the solution in the rooms of CEA-HOW, you are assisting CEA-HOW service level groups who are struggling financially, **and you are ensuring that CEA-HOW will be here for YOU.** The contributions of the individual are as valued as the contributions of service levels who donate funds beyond their prudent reserves.
